**RISK ASSESSMENT AND
COMMUNICATION IN FOOD
SAFETY AND NUTRITION**

*Cutting edge topics in
risk assessment and
communication for the
forthcoming challenge
“from field to fork”*

Parma – October 6th 2016

Aula Magna Palazzo Centrale

Via Università 12

The Workshop

Within the framework of the Center for Studies in European and International Affairs (CSEIA), and specifically following its 4th focus area "Agro-food sustainability: nutrition and safety", we organize an international workshop on "RISK ASSESSMENT AND COMMUNICATION IN FOOD SAFETY AND NUTRITION".

The workshop aims at posing the scientific and cultural ground for the organization of an **International Advanced School in Risk Assessment in Food Safety and Nutrition**, hosted by University of Parma in collaboration with the most prominent universities and institutions in the field. The International Advanced School will represent a center of excellence in Europe for the education, training and research in the field of food science and nutrition.

The workshop will cover cutting edge topics in risk assessment and communication, with a great focus on the knowledge required for being a modern food scientist, able to successfully address and effectively communicate the forthcoming challenges, "from field to fork".

The Program

9.15-10.00 - Opening ceremony

Prof. Loris Borghi, *Chancellor of the University of Parma*

Dr. Bernhard Url, *Executive Director, European Food Safety Authority*

Prof. Daniele Del Rio, *Center for International and European Studies (CSEIA), University of Parma*

MORNING SESSION

Chairs: D. Del Rio, L. Morelli

10.00-10.30 - The contribution of nutrition to chronic disease risk

Prof. Aedin Cassidy, *Professor of Nutrition, Norwich Medical School, University of East Anglia, UK*

10.30-11.00 - Relevant issues in nutritional risk assessment

Prof. Furio Brighenti, *Professor of Human Nutrition and Pro-Vice Chancellor for research, University of Parma*

11.00-11.15 - Coffee break & networking

11.15-11.45 - Role of climate in future changes in mycotoxin contamination in food

Prof. Paola Battilani, *Professor of Plant Pathology, Università Cattolica del Sacro Cuore, Italy*

11.45-12.15 - Building risk assessment capacity in Europe

Prof. Hans Verhagen, *Head of Risk Assessment and Scientific Assistance, European Food Safety Authority, Parma*

12.15-12.30 - Public understanding of food and nutritional risk

Prof. David Spiegelhalter, *Winton Professor for the Public Understanding of Risk, University of Cambridge, UK*

12.30 -14.00 - Light lunch

AFTERNOON SESSION

Chairs: C. Dall'Asta, A. Ianieri

14.00-14.30 - Relevant issues in risk assessment for food additives

Prof. Dominique Parent-Massin, *Professor of Food Toxicology, Université de Brest, France*

14.30-15.00 - Challenges in risk assessment for food contaminants

Prof. Jan Alexander, *Deputy Director, Norwegian Institute of Public Health, Norway*

15.00-15.30 - Towards further transparency and engagement in EFSA risk assessment

Dr. Gisèle Gizzi, *Scientific Committee and Emerging Risk Unit Transparency and Engagement in Risk Assessment (TERA) Project Manager, European Food Safety Authority Parma, Italy*

15.30-15.50 - Coffee break & networking

15.50-17.00 - Round table and discussion

Chair: A. Ianieri, A. Spagnolli

"Skills and competences needed in the field of Risk assessment and communication in food safety and nutrition"

17.00-17.15 - Closing remarks
